THANK YOU!

Rescuers try to remain focused on what we can do and never on what we can not. However, at times this reality is painfully clear. This calendar is dedicated to those we feel we were not able to help in the way we had wished. We pray for the day when rescues will no longer be needed. Until then we hope to be there for all that need our help.

A heartfelt thanks to everyone who has supported GRRSN in so many ways over the years. We are thankful for all that you do.

A special thank you to the people who made this calendar a reality. It wouldn't have been possible without your time, talent and generosity, and we're sincerely grateful for the amazing job you've done!

Golden Retrievers need a lot of attention or they will become sad and lonely. They are very social dogs and need interaction with people or other dogs frequently.

Rescue is the pathway to a new life — A bridge between what was to what can be, and, in a perfect world, what should have always been. At times, the reality of rescue can be heartbreaking, but we remain focused on our mission to help all of those who need us.

This calendar is dedicated to those we feel we were not able to help in the way we had wished, and we pray for the day when rescues are no longer needed.

A heartfelt thanks goes out to everyone who has supported GRRSN in so many ways over the years. We are eternally grateful for all that you have done and all that you continue to do.

A very special thank you to the people who made this calendar a reality. Without your time, talent, and generosity, it would not have been possible. Our sincerest thank you for the amazing job you've done.
